

TRELLEBORG

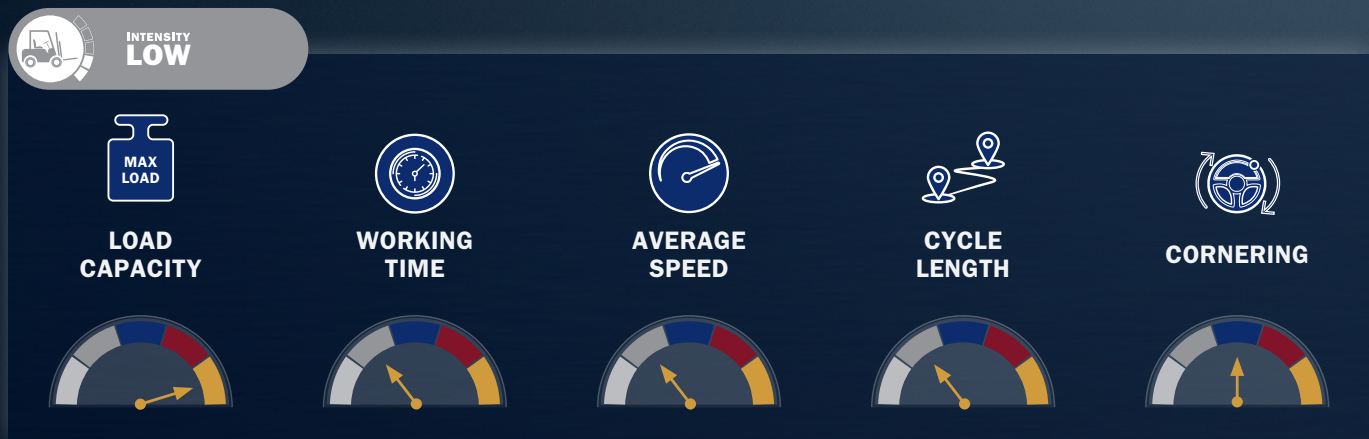

Trelleborg

The perfect choice for a low intensity application

The new Trelleborg XP700 tire has been designed to perfectly match the needs of low intensity material handling operations.

Providing adequate load capacity and good steering ability, it offers the proper reliability, whilst maintaining cost control.

- 1 Compact lateral block design to minimize vibrations
- 2 Very deep lugs to enhance traction
- 3 Protruding rim protector in order to minimize damage to the wheels

XP700
